

*Sheridan Associates is a professional engineering office, established since 1988, based in our own offices off George's St., Waterford.*

*Providing sustainable energy advice and solutions for over 20 years*

*Chartered consulting mechanical, electrical and sustainable energy engineers*

*We advise, design and specify energy efficient mechanical and electrical installations for all building types*

*Energy Audits on existing buildings and report on measures that can be taken to reduce energy costs*

*We employ seven staff in-house including Chartered Engineers and fully qualified, SEAI registered Building Energy Assessors*

*We carry full Public Liability and Professional Indemnity Insurances*
